IMCAS is a congress created by physicians, for physicians. Access to the congress and sessions is subject to a number of regulations that aim to guarantee the scientific independence of the congresses and preserve it from any commercial bias or influence. A strict badge policy has been implemented specifying the rules of admittance to the different areas of the congress, complying with the criteria required by the CME accreditation council and partnering scientific societies.

According to each badge type, a full or partial access is issued (after verification of required supporting documents). Therefore, in respect to the local policies regarding medical aesthetic treatments, admittance to the congress is restricted to physicians (MD & Residents in medicine) and industry representatives. IMCAS is authorized to take measures which may lead to the withdrawal of the badge and the denial of access to the event if the badge policy is violated.
