The Grand Return to Shanghai!

Dear Esteemed Colleagues,

It is with great honor and anticipation that we welcome you to IMCAS China 2025, here in the dynamic medical capital of Shanghai. This 4th edition marks a pivotal moment, placing Chinese practitioners at the forefront of global innovation. This year’s congress offers 117 hours of premium education, featuring 200 top international and Chinese experts across dermatology, plastic surgery, and aging science. Focused sessions will cover high-demand aesthetic procedures—particularly eyelid surgery, rhinoplasty and profile refinement, breast enhancements, and body contouring—covering both surgical and non-surgical techniques.

Join the exclusive Russian Masterclass on Sunday, where you’ll gain strategic insights into facial rejuvenation and combination treatments favored by leading global clinics.

To ensure you fully benefit from international expertise, real-time translation is available throughout the event, enabling seamless communication and understanding of complex techniques. Visit the IMCAS Exhibition, where more than 55 industry leaders showcase cutting-edge products and technologies. This is your opportunity to engage with innovation and stay competitive in China’s fast-evolving aesthetic landscape.

Shanghai is more than a host city—it symbolizes leadership in East Asian specialty aesthetics and medicine. Join us as we build lasting connections, elevate clinical excellence, and shape the future of our field.

Welcome to IMCAS China 2025—where knowledge drives results, and your future starts now.

Warm regards,

Scientific Board
