

# REGISTRATION GUIDELINES

Access to the congress and sessions is subject to a number of regulations that aim to guarantee the scientific independence of the congresses and preserve it from any commercial interest or influence.

A precise badge policy has been implemented specifying the rules of admittance to the different areas of the congress, complying with the criteria required by the CME accreditation organizations. According to each badge type a full or partial access is issued.

A distinction is made between "Physician" and "Non-physician". For the latter, the level of medical study determines whether concerned attendees are entitled to a full or partial access. Upon registration, all necessary proofs of practice should be uploaded.

IMCAS is authorized to take measures which may lead to the withdrawal of the badge and the denial of access to the congress area if the badge policy is violated.
