## CLINICAL DERMATOLOGY MODULE

# EVIDENCE BASED THERAPY FOR DERMATOLOGICAL CONDITIONS

### KEY LEARNING

The Clinical Dermatology module, taking place the first two days of the congress, aims to improve your competencies and skills in assessing the implications of the latest research and treatment methods. International dermatologists will share their expertise in the prevention and intervention of common dermatological pathologies such as acne, pigmentary diseases, skin cancer, scars and burns.

Follow along as they discuss the efficacy of recent evidence based therapies and updated guidelines for diagnostic and therapy such as energy-based devices for specific diseases.
