

THE FUTURE GENERATION
OF PHYSICIANS

SATURDAY	
9 am	YOUNG SURGEONS TRAINING
10:30 am	YOUNG SURGEONS TRAINING
11:30 am	YOUNG SURGEONS TRAINING
2 pm	YOUNG DERMATOLOGISTS - MELASMA & EARLY SCAR INTERVENTION
4:30 pm	YOUNG PHYSICIANS - SURGERY AND DERMATOLOGY CLINICAL CASE AWARD

KEY LEARNING

The Young Physicians sessions are an initiative to provide courses that are specifically targeted towards budding physicians beginning their career in the fields of dermatology and plastic surgery.

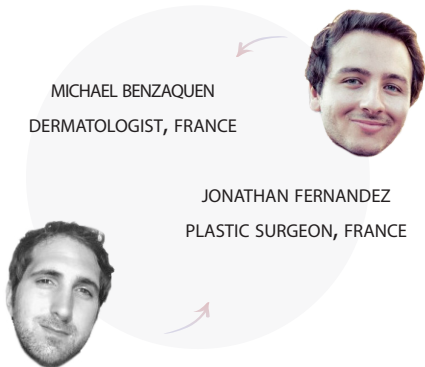

The Young Surgeon courses are designed to help improve not surgical skills with a practical approach. The Young Dermatologists will receive focused trainings on diagnosis, early intervention, and basic treatment methods for melasma, scar treatments and lasers.

If you are a young physician interested in feedback from veteran experts, be sure to participate in the Clinical Case Review! Submit a case of your clinical experience with complications on lasers, injectables, surgery or other aesthetic treatments for an opportunity to present in front of a jury of world-renowned physicians for a final selection.

Don't miss this all-encompassing training opportunity!

CHAIRS

FACULTY LIST

- ARTZI OFIR
- DAHAN SERGE
- DESAI SEEMAL
- HAEDERSDAL MERETE
- JEMEC GREGOR
- KARMISHOLT KATRINE
- LAUBACH HANS
- LE PILLOUER PROST ANNE
- LEDERLE SYLVIE
- LUTHRA AMIT
- MANSTEIN DIETER
- MONHEIT GARY
- PAASCH UWE
- PILLAI RAHUL
- TEMPLIER CAROLE
- VIGNERON JEAN-LUC
- WOLKERSTORFER ALBERT
- ZENKER SABINE

PROGRAM

S233 - COMPLICATIONS WITH SURGERY - BEGINNER - IMCAS ALERT CASES	
08:00 am	DISCUSSION OF DIFFICULT CASES • CHAIRED BY DR SEBASTIEN GARSON AND DR MAURICE NAHABEDIAN > Discussion of difficult cases • DR DANIEL LIU • DR FOAD NAHAI • DR GABRIELE FERRUCCIO MUTI • DR ALEXANDER AMIR ASLANI • DR BERNARD MOLE • DR ALEXANDER TOBIAS HAMERS
S234, S235, S236 - YOUNG SURGEONS TRAINING	
09:00 am	3 HOURS OF HIGHLY PRACTICAL TRAINING FOR YOUNG SURGEONS WITH VIDEO-BASED TECHNIQUES
S237, S238 YOUNG DERMATOLOGISTS - MELASMA & EARLY SCAR INTEVENTION	
14:00 pm	PART 1 - MELASMA DIAGNOSIS AND MANAGEMENT • CHAIRED BY DR ALBERT WOLKERSTORFER > Melasma: diagnosis challenges • DR ANNE LE PILLOUER PROST > Melasma therapeutics - Update on global therapies • DR SEEMAL R DESAI
14:24 pm	PART 2 - SCAR EARLY INTERVENTION • CHAIRED BY DR MERETE HAEDERSDAL > Understanding early interventions to prevent and to treat scars • PR UWE PAASCH > Early intervention with pulse dye and Co2 ablative fractional lasers to improve cutaneous scarring post-lumpectomy • DR OFIR ARTZI
14:48 pm	PART 3 - GENESIS OF A TECHNOLOGY • CHAIRED BY DR SERGE DAHAN > Fractional laser • DR DIETER MANSTEIN > Cryolipolysis • DR HANS JOACHIM LAUBACH
15:12 pm	PART 4 - USING LASERS • CHAIRED BY DR UWE PAASCH > How and why start using laser as early as possible for a young practitioner • DR CAROLE TEMPLIER > Laser safety • DR KATRINE ELISABETH KARMISHOLT
S239 YOUNG PHYSICIANS - SURGERY AND DERMATOLOGY CLINICAL CASE AWARD	
16:30 pm	INTRODUCTION OF THE SELECTION AND JURY > Jury members • DR MICHAEL BENZAQUEN • DR MERETE HAEDERSDAL • DR GREGOR BORUT ERNST JEMEC • DR HANS JOACHIM LAUBACH • DR ANNE LE PILLOUER PROST > Introduction of the selection and jury • DR MICHAEL BENZAQUEN
