

NextGen SURGERY

SATURDAY, 28 JANUARY 2023

The future is in your own hands!

We know how much the pandemic has made it difficult, almost impossible, for the next generation of surgeons to receive proper medical and surgical training. Through the NextGen Surgery module, we are happy to offer a solution by providing an opportunity for young physicians to learn from top international speakers and experts in the fields of surgery.

We also seek to foster the work and recognition of upcoming generations through the establishment of the NextGen Surgery Awards. The event will host a selection of the best abstracts and current work of resident surgeons to an international jury and medical audience.

The top presentations will be awarded for their outstanding work and contributions to their field. So join us, and don't hesitate to submit your abstracts!

You can also take advantage of this unique opportunity to meet our surgical learned society partners who collaborate extensively on the program, expand your network, and check out the latest updates from the industry. We look forward to seeing you!

AWARDS

ENTER THE *Competition*

It's your chance
to showcase
your work to a
Jury of experts
and audience!

Submit an abstract of your latest clinical cases before December 18th to enter the competition.

The selected cases will be presented in front of a Jury of experts who will elect the best presentation! It's the perfect opportunity to form essential connections with your peers in the field, and to stand on stage in front of a world-wide audience.

Selected contestants will benefit from waived registration fees.

The winner of the NextGen Surgery Award will receive a 500€ prize.

**SUBMIT YOUR
ABSTRACT NOW***

*Submission deadline: December 18th, 2022

Follow these submission guidelines:

Format: Oral

Lecture type: Free communication

Title: Include the "**NEXTGEN SURGERY Award**" at the start of your title

All submissions will be reviewed by the Scientific Board and Jury members
